TIME

*In the midst of summer,
You will bring a thing,
Place it somewhere you fancy,
And maybe it will sing*

*Sing and eat and dance
In a space so bright,
A soothing summer feeling
Will follow you into the night*

DANSEatelier warmly invites the NOFOD participants to an intimate and casual dinner in their studio space in Nørrebro Tuesday the 5th of July from 6pm-10.30pm. The participants will find their way to the dinner party by a score handed out beforehand. The evening is inspired by the recurring concept of a performance feast that DANSEatelier hosted between 2016 and 2018 which combines performative interventions and a dinner-hang-out-situation. There will be welcome drinks followed by delicious vegetarian food. Cheap and tasty drinks are available in the bar throughout the evening while we invite you for casual social dancing.

DANSEatelier is a group of 11 dancers and choreographers who since 2015 have collectively shared a space in Copenhagen. They work side by side, together, and next to each other, and latest, they have been gathered around the three-folded performance series Triptykon.
